

ICOM PIGMENT PASTE 4789 WHITE MONOMER FREE

CHARACTERISTICS

Pigment mixed into a free monomer polyester resin.

ICOM Pigment Paste 4789 White is formulated to be mixed into resins or gel coats.

APPLICATIONS

ICOM Pigment Paste 4789 White can be mixed by hand or with an agitator but be careful not to mix too quickly because it creates air bubbles into the product.

We advise to add between 3 % to 20 % of Pigment Paste into resin or gel coat.

PROPERTIES
